EDITOR'S NOTE

After the Town Minutes of Newtown, vol. 2, 1653-1734 was mimeographed and assembled for binding, it became apparent that the volume would be too unwieldy for convenient handling if bound in one cover. The book has therefore been separated at its mathematical center and bound in two parts.

Part 1 contains the prefatory material and pages 1-314 of the transcriptions.

Part 2 contains pages 315-567 of the transcriptions plus the indexes (pages 568-628) to both parts. The pagination runs consecutively (however, see Preface, p. ix) through both parts.
